About Us

Power supply is one of the basic requirements of today's busy world. Without adequate supply of power, many of our work comes to a standstill. Maintaining continuous power supply requires high capacity power equipments. We, Span Controls, are an ISO 9001:2000 certified Manufacturer & Supplier of Switched Mode Power Supply (SMPS), DC-DC Converters, Battery Chargers, etc. Our company manufactures around 5000-7500 numbers of these products every month. With 20 years of experience in this industry, we have carved a niche for ourselves which is reflected by the popularity of our products.

Since its inception in 1987, Span Controls has been known for superlative quality of its products. The products are available at affordable prices all delivered on time. Various kinds of Standard and Safety Approvals are also available on special requests for Original Equipment Manufacturer (OEM) customers. We are committed to providing the best to our customers and therefore incorporate their feedbacks and suggestions and deliver excellent after sales services.

We, Span Controls, operate from a prime location of Maharashtra, India, with our head office in Pune. Since the year 1987 we are reckoned in the market as a proficient Manufacturer and Supplier of a wide range of electrical and power solutions. Our array consists of Battery Charger, Single Output Switching Power Supply, Santo Series Interface Power Supply Unit and many more. Due to our high end production facilities the manufacturing of the chargers and power products is done with zero hassles and utmost precision. Our goods always meets up with the international quality standards, which is our USP.
